World class treatments from a team of world class therapists...

...that's the naturals difference!

The vast range of treatments on offer these days means it's impossible for one therapist to deliver all services to an exceptional level

So we don't try!

Our therapists are all professionally trained and experienced in their own individual areas of speciality

Trusted by clients and respected by colleagues they deliver the highest quality treatments to the highest level to give you the ultimate client experience

PROFESSIONAL • EXPERIENCED • TRUSTED • RESPECTED

With over 100 years experience between them, the naturals team comprises the very best therapists in their individual fields

Belinda Barrington: her signature massage treatments fuse modern & eastern massage styles and techniques from around the world which pamper and rejuvenate the body and provide relaxation for the mind

Abbi Hearn: with a keen eye for symmetry & perfection she specialises in making the most of her clients' eyes with HD Brows and Lash Perfect

Janice Brooke: simply the best for intimate waxing and a specialist in Elemis and Dermalogica anti-ageing face treatments
